Bunny: Look! The volume is out!
Hikawa: For real? Having a job writing as a mangaka is fine, right?
Bunny: You really think so? Being a mangaka...isn't too far from not having a job.
Hikawa: What! How rude! I work as hard as I possibly can.
Bunny: The fact that you have to validate yourself is proof-bunny.
Hikawa: Wh what! How rude! Since we began serializing this my livelihood has been driven into a corner.
Bunny: What are you saying bunny. "If you sleep too much you'll feel sluggish and tired so sleep again~" is what you said when you were half asleep-bunny.
Hikawa: Is there any way anybody could have said that kind of thing?
Bunny: Somebody did say it.
Hikawa: Your lover? Your sister? A friend?
C'mon, who was it? A foreigner?
Bunny: I don't know bunny! Some useless person-bunny!
Hikawa: It's no use saying a lot of options. I think it must have been a useless person, how about you?
Bunny: ...But that's what I just said...
Hikawa: Huh? What was that?
Bunny: ...Drop dead

Pani Poni Volume One complete! 04/28/07

A small message from the scanlating staff:

coriolis (scanner/editor/proofer): A great volume, I can't wait til we do the rest of the....nine volumes and counting =,= Either way, it's sad there wasn't enough Ichijou(NEEDS MORE!) in this volume, hopefully more in Vol2 haha.

achmaeiad(translator/proofer): For those of you reading this, thank you for sticking with us through our sporatic release schedule! I've really enjoyed translating this volume and I hope you've all enjoyed reading it! This was actually EBI's second project ever and the first full volume I've personally completed that will be released (I finished translating the first volume of Canvas2 first, but it isn't ready for release quite yet :P). Be prepared, since more Pani Poni craziness is yet to come (Whenever we get volume 2 raws). Maho~

j3llo(proofer/qualitycheck): Taken from the IRC channel:
<j3llo> serwously i have no ideas
<j3llo> my brain doesn't work on weekends :)
lazydude(editor): Taken from the IRC channel:
<lazydude> i have nothing too XD

Thanks to all the readers for reading, special thanks to Juliana for the chinese translations in chapter 14, and see you all in volume two! =)
